

THADDEUS MOSLEY

SCULPTURE (STUDIO | HOME)

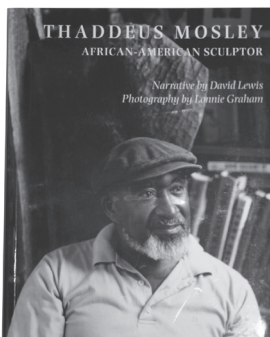

In a city like Pittsburgh that is steeped with tradition, oral histories become a unique view into the past. Stories told over generations are met with curiosity about places and people forever changed by time. One such storyteller is artist Thaddeus Mosley.

THADDEUS MOSLEY: SCULPTURE (STUDIO | HOME) is a solo exhibition highlighting both the professional and private life of sculptor Thaddeus Mosley. Mosley's complete artist studio and portions of his North Side home have been documented, transported and reconstructed within the Mattress Factory's galleries.
